👤 PROFILE

I have 2 years experience and many clients are happy with the projects carried out. As a person with good logical thinking and creative ability, I hope to become one of the company's key programmers to bring optimal technology solutions to customers. At the same time, I want to improve my professional qualifications and career capacity.

- Active, enthusiastic, honest, careful
- analyze, evaluate, solve problems, find solutions, make decisions, work in groups, communicate well
